Technical drawing of a mechanical part with dimensions. The drawing shows a circular component with a central hole and four smaller holes arranged in a square pattern. Dimensions are given in millimeters (mm). The overall width is 25.6 mm, and the overall height is 37.3 mm. The central hole has a diameter of 52.5 mm. The four smaller holes have a diameter of 32 mm. The distance between the centers of the four smaller holes is 46 mm. The distance from the center of the central hole to the center of one of the smaller holes is 17 mm. The distance from the center of the central hole to the outer edge of the component is 9.5 mm. The distance from the center of the central hole to the outer edge of the component is 18 mm. The distance from the center of the central hole to the outer edge of the component is 24.5 mm. The distance from the center of the central hole to the outer edge of the component is 32 mm.
